Elusive Culture Schooling Race And Identity In Global Times

Structuralism - Wikipedia
History and background. Structuralism is an ambiguous term that refers to different schools of thought in different contexts. As such, the movement in humanities and social sciences called structuralism relates to sociology. Emile Durkheim based his sociological concept on 'structure' and 'function', and from his work emerged the sociological approach of structural functionalism.

Beyond Cultural Identity: Reflections on Multiculturalism
2. No one culture is inherently better or worse than another. All cultural systems are equally valid as variations on the human experience. 3. All persons are, to some extent, culturally bound. Every culture provides the individual with some sense of identity, some regulation of behavior, and some sense of personal place in the scheme of things.
