The Oxford History of Britain Kenneth O. Morgan 2021-02-25 A new edition of this best-selling history of Britain, from Roman times, now updated to cover the first decade of the 21st century. The Oxford History of Britain tells the story of Britain and its people over two thousand years, from the coming of the Roman legions to the present day. Encompassing political, social, economic, and cultural developments throughout the British Isles, the dramatic narrative is taken up in turn by ten leading historians who offer the fruits of the best modern scholarship to the general reader in an authoritative form. A vivid, sometimes surprising picture emerges of a continuous turmoil of change in every period, and the wider social context of political and economic tension is made clear. But, no less than conflict, is a part of the story: in focusing on elements of continuity down the centuries, the authors bring out that special awareness of identity which has been such a distinctive feature of British society. By relating both these factors in the British experience, and by exploring the many ways in which Britain has shaped and been shaped by contact with Europe and the wider world, this landmark work brings the reader face to face with the past, and the foundations of modern British society. This updated new edition (by the original editor) adds great richness by taking the story down from the economic crisis of 2008 to the conflict over Ukraine at the present day.

AA Book of the Seaside-Automobile Association (Great Britain) 1972

A.A. Illustrated Guide to Britain-Automobile Association (Great Britain) 1977

The Old Ways Robert Macfarlane 2012-10-11 From the acclaimed author of The Wild Places and Underland, an exploration of walking and thinking In this exquisitely written book, Robert Macfarlane sets off from his Cambridge, home, in order to follow the ancient tracks, holloways, drove roads, and sea paths that crisscross both the British landscape and its waters and territories beyond. The result is an immersive, enthralling exploration of the ghosts and voices that haunt old paths, of the stories our tracks keep and tell, and of pilgrimage and ritual. Told in Macfarlane’s distinctive voice, The Old Ways folds together natural history, cartography, geology, archaeology and literature. His walks take him from the chalk downs of England to the bird islands of the Scottish northwest, from Palestine to the sacred landscapes of Spain and the Himalayas. Along the way he crosses paths with walkers of many kinds—wanderers, pilgrims, guides, and artists. Above all this is a book about walking as a journey inward and the subtle ways we are shaped by the landscapes through which we move. Macfarlane discovers that paths offer not just a means of traversing space, but of feeling, knowing, and thinking.

National Parks of Britain Rely Smith 2008 Offers an insight into the history of the various national parks of Britain. This book provides advice and tips on what to see and do. It also includes maps of the featured parks.

Illustrated Guide to Home Forensic Science Experiments Robert Bruce Thompsoon 2012-08-07 Have you ever wondered whether the forensic science you’ve seen on TV is anything like the real thing? There’s no better way to find out than to roll up your sleeves and do it yourself. This full-color book offers advice for setting up an inexpensive home lab, and includes more than 50 hands-on lab sessions that deal with forensic science experiments in your sleeve, biology, and chemistry. You’ll learn the practical skills and fundamental knowledge needed to pursue forensics as a lifelong hobby—or even a career. The forensic science procedures in this book are not merely educational, they’re the real deal. Each chapter includes one or more lab sessions devoted to a particular topic. You’ll find a complete list of equipment and chemicals you need for each session. Analyze soil, hair, and fiber; identify Match glass and plastic specimens Develop latent fingerprints and reveal blood traces Conduct drug and toxicology tests Analyze gunshot and explosives residues Detect forgeries and fakes Analyze impressions, such as tool marks and footprints, and extract DNA samples Through their company, The Home Scientist, LLC (theforensiccom.com/forensics), the authors also offer inexpensive custom kits that provide specialized equipment and supplies you’ll need to complete the experiments. Add a microscope and some common household items and you’re good to go.

A History of British Birds William Yarrell 1882

Old Possum’s Book of Practical Cats T. S. Eliot 2019-10-15 T. S. Eliot’s famous collection of nonsense verse about cats—the inspiration for the Andrew Lloyd Webber musical Cats, now made into a major motion picture. This edition features vibrant illustrations by Axel Scheffler.

The Boy, the Mole, the Fox and the Horse-Charlie Mackesy 2019-10-29 #1 NEW YORK TIMES BESTSELLER • WALL STREET JOURNAL BESTSELLER • USA TODAY BESTSELLER “The Boy, the Mole, the Fox and the Horse is not only a thought-provoking, discussion-worthy story, the book itself is an object of art.” The New York Times From the revered British illustrator, a modern fable for all ages that explores life’s universal lessons, featuring 100 color and black-and-white drawings. “What do you want to be when you grow up?” asked the mole. “Kind,” said the boy. Charlie Mackesy offers inspiration and hope in uncertain times in this beautiful book based on his famous quartet of characters. The Boy, the Mole, the Fox, and the Horse explores their unlikely friendship and the poignant, universal lessons they learn together. Radiant with Mackesy’s warmth and gentle wit, The Boy, the Mole, the Fox, and the Horse blends hand-drawn narrative with dozens of drawings, including some of his best-loved illustrations including “Help,” which has been shared over one million times and new, never-before-seen material. A modern classic in the vein of The Tao of Pooh, The Alchemist, and The Giving Tree, this charmingly designed keepsake will be treasured for generations to come.

A. A. Illustrated Guide to Britain-Drive Publications Limited 1974

The Memoirs of Field Marshal Montgomery-Viscount Montgomery of Alamein 2006-03-19 First published in 1958 Montgomerys memoirs cover the full span of his career first as a regimental officer in the Royal Warwickshire Regiment and then as a Staff Officer. His choice of the Warwicksheares was due to his lack of money. He saw service in India before impressing with his courage, tactical skill and staff ability in the Great War. Despite his tactless uncompromising manner his career flourished between the wars but it was during the retreat to Dunkirk that his true brilliance as a commander revealed itself. The rest is history but in this autobiography we can hear Monty telling his side of the story of the great North African Campaign followed by the even more momentous battles against the enemy and, sadly, the Allies as he strove for victory in World War II. His interpretation of the great campaign is of huge importance and reveals the deep differences that existed between him and Eisenhower and other leading figures. His career ended in disappointment and frustration being temperamentally unsuited to Whitehall and the political machinations of NATO.

The Oxford Literary Guide to the British Isles Dorothy S. Eagle 1980

Illustrated Road Book of Ireland-Automobile Association (Great Britain) 1966

The British Are Coming-Rick Atkinson 2019-05-14 Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Book Award From the bestselling author of the Liberation Trilogy comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson, author of the Pulitzer Prize-winning Army at Dawn and two other superb books about World War II, has long been admired for his deeply researched, stunningly vivid narrative histories. Now he turns his attention to a new war, and in the initial volume of the Revolution Trilogy he recounts the first twenty-one months of America’s violent war for independence. From the battles at Lexington...
and Concord in spring 1775 to those at Trenton and Princeton in winter 1777, American militiamen and then the ragged Continental Army take on the world’s most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wildest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling. Full of riveting details and untold stories, The British Are Coming is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country’s creation drama.
