Furthermore, in taking my deliberation to be real, I also think of the possible outcomes of my actions as caused by me. The notion of a causality that originates in the self is the notion of a free will. So the very fact that I do deliberate about what actions I will take means that I am presupposing that my choice is real and hence that I am free.

Locke, John | Internet Encyclopedia of Philosophy

John Locke (1632–1704) John Locke was among the most famous philosophers and political theorists of the 17th century. He is often regarded as the founder of a school of thought known as British Empiricism, and he made foundational contributions to modern theories of limited, liberal government.
