Treatment of Error in Second Language Writing Student Edition. Second Edition. Diana Evans 2011-09-20 Treatment of Error offers a realistic, well-researched account of what teachers of multilingual writers need to know about error and how to put what they know to use. As an introduction to the first edition, Evans again prominently addresses the fundamental error treatment questions that plague novice and expert writing consultants alike. What types of errors should teachers respond to? What should teachers respond to? What are the most effective ways of responding to Errors? And, ultimately, what role should error treatment play in the teaching of writing? The second edition improves upon these by opening up new questions, and moving forward, by providing guidelines for putting in place effective error treatment programmes. It covers the what and the how-to with research-based principles, what sets this book apart is its writing.

Response To Student Writing

Second Language Writers' Text

The Second Edition is a highly accessible guide to how the world is using peer response and serves as a motivator and a reminder to language teachers all over the world.Both developments are thoroughly addressed in this new edition. Now that classes are as likely to be held in physical classrooms and now that a new generation of digital natives can routinely read and respond to what is put online, the volume includes 11 forms as held in physical classrooms and now that a new generation of digital natives can routinely read and respond to what is put online, the volume includes 11 forms as held in physical classrooms and now that a new generation of digital natives can routinely read and respond to what is put online, the volume includes 11 forms...
