

# Mission In The New Testament

**Mission in the New Testament**-William J. Larkin 1998 This book presents a comprehensive articulation of New Testament teachings on mission from a contemporary American evangelical standpoint. Mission in the New Testament contributes a fresh statement of the biblical foundations of mission, serving as a catalyst for completion of the church's universal mission in this generation. After investigating the historical background of the idea of mission in the Hebrew Scriptures, inter-testamental Judaism, the life of Jesus and the beginnings of the church, the book proceeds in a roughly canonical order through the New Testament. Essays analyze the works of Paul, the Synoptic gospels, Acts of the Apostles, the General Epistles, and the Book of Revelation. Well-versed in the historical-critical method of biblical interpretation, editors and contributors alike offer a cogent argument for recovering the "missional horizon" of the New Testament.

**New Testament and Mission**-Johannes Nissen 2007 This book brings together insights

from two fields of study: biblical scholarship and missiology. The Great Commission in Matthew's Gospel is often seen as the biblical foundation for mission. The New Testament, however, reflects a variety of models for mission. Each model is examined with regard to historical meaning as well as hermeneutical significance. The final chapter focuses on three issues of great importance for the present situation: unity and diversity in mission, the gospel in relation to cultures, and Bible and dialogue models.

**Women in Mission**-Susan E. Smith 2015-02-25 In matters of mission history, most major works that treat the full sweep of the church's missional self-understanding are less than helpful in understanding women's part of that narrative. Smith tries to redress the balance with a comprehensive history of mission that highlights the critical contributions of women, as well as the theological developments that influenced their role. --From publisher's description.

**Why Mission?**-Dean Flemming 2015-11-03 Recent years have seen heightened interest in how to read scripture from a missional perspective. This book addresses that question by exploring both how the New Testament bears witness to the mission of God and how it energizes the church to participate in that mission. It also makes a distinctive contribution

by applying a missional reading to a variety of New Testament books, offering insights into New Testament theology and serving today's discussions about mission and the church. "Dean Flemming has written a game-changing book on the interpretation of scripture for the mission of the church. This relatively slim but rich volume is absolutely mandatory reading for all serious students of the New Testament and for all who wish to understand the church's participation in the mission of God. It should be on the syllabus of every ecclesially focused course on the New Testament and every biblically attuned course in ecclesiology and in missiology." —Michael J. Gorman, Raymond E. Brown Professor of Biblical Studies and Theology, St. Mary's Seminary and University, Baltimore, MD "I am always grateful when another book by Dean Flemming appears. His writing arises out of his significant cross-cultural experience, his outstanding scholarship, and his careful listening to the Spirit in the text. This book is written clearly and is full of nourishing insight." —Michael W. Goheen, Professor of Missiology, Calvin Theological Seminary, Grand Rapids, MI; former Geneva Chair of Worldview Studies, Trinity Western University, Langley, BC; and Teaching Fellow in Mission Studies, Regent College, Vancouver, BC "'Why mission?' is a critical question, one not asked or understood often enough. Here is a stirring reading of the New Testament that demonstrates a living triune God on mission, bringing redemption to the world through a living apostolic church. So much rich theological interpretation packed into a small book!" —Nijay K. Gupta, assistant professor of New Testament, George Fox Evangelical Seminary, Portland, OR "Since writing *The Mission of God*, I have felt guilty

that it paid so much more attention to a missional reading of the Old than of the New Testament. This fine book relieves me of that guilt. This is an outstandingly clear and faithful exposition of what it means to read the New Testament from the perspective of, and with the intention of participating in, the mission of God as revealed in the whole Bible.”  
—Christopher J. H. Wright, International Ministries Director, Langham Partnership

**Jesus and the Origins of the Gentile Mission**-Michael F. Bird 2006 Bird argues that Jesus was attempting to achieve and enact the restoration of Israel, and in continuity with other strands of Jewish belief, Jesus conceived of the restoration of Israel as resulting in the salvation of the gentiles. Jesus' mission was Israel-centric, but he espoused a view of restoration that was indebted to certain strands of Israel's sacred traditions where the gentiles are implicit beneficiaries of Israel's salvation. Since this restoration was already being partially realized in Jesus' ministry, it was becoming possible for gentiles to begin sharing in Israel's salvation in the present. Additionally, Jesus understood himself and his followers to be the new temple and the vanguard of the restored Israel who would appropriate for themselves the role of Israel and the temple in being a light to the nations. Thus, a gentile mission has its germinal roots in the aims and intentions of Jesus and was developed in a transformed situation by adherents of the early Christian movement.

## **Mission in the New Testament**-Ferdinand Hahn 2009-09-01

**Picturing Christian Witness**-Stanley H. Skreslet 2006-05-03 Christian mission in previous centuries often drew on images of imperial expansion and war. Today, foreign mission in so-called restricted-access countries is envisioned as a kind of holy espionage. But are “civilizing” crusades and warfare, even covert, appropriate images to associate with the good news of Jesus Christ? In *Picturing Christian Witness*, missiologist Stanley Skreslet searches for new, more holistic images of mission from Scripture. Skreslet undertakes a novel exegetical study of mission in the New Testament that focuses on the first followers of Jesus. Skreslet highlights five actions that depict the witness of these disciples: announcing good news, sharing Christ with friends, interpreting the gospel, shepherding, and building/planting. After carefully examining key biblical passages, he draws out the implications of these five images for the theology of mission and lets each image take shape visually through an array of Western and non-Western art. *Picturing Christian Witness* will provoke students of mission and of the Bible to imagine what mission will look like when actively embodied by contemporary disciples of Jesus.

## **Contextualization in the New Testament**-Dean Flemming 2009-09-20 Winner of a 2006

Christianity Today Book Award! Honored as one of the "Fifteen Outstanding Books of 2005 for Mission Studies" by International Bulletin of Missionary Research From Cairo to Calcutta, from Cochabamba to Columbus, Christians are engaged in a conversation about how to speak and live the gospel in today's traditional, modern and emergent cultures. The technical term for their efforts is contextualization. Missionary theorists have pondered and written on it at length. More and more, those who do theology in the West are also trying to discover new ways of communicating and embodying the gospel for an emerging postmodern culture. But few have considered in depth how the early church contextualized the gospel. And yet the New Testament provides numerous examples. As both a crosscultural missionary and a New Testament scholar, Dean Flemming is well equipped to examine how the early church contextualized the gospel and to draw out lessons for today. By carefully sifting the New Testament evidence, Flemming uncovers the patterns and parameters of a Paul or Mark or John as they spoke the Word on target, and he brings these to bear on our contemporary missiological task. Rich in insights and conversant with frontline thinking, this is a book that will revitalize the conversation and refresh our speaking and living the gospel in today's cultures, whether in traditional, modern or emergent contexts.

**Mission in the Old Testament**-Walter C. Jr. Kaiser 2012-05-01 Walter Kaiser questions

the notion that the New Testament represents a deviation from God's supposed intention to save only the Israelites. He argues that--contrary to popular opinion--the older Testament does not reinforce an exclusive redemptive plan. Instead, it emphasizes a common human condition and God's original and continuing concern for all humanity. Kaiser shows that the Israelites' mission was always to actively spread to gentiles the Good News of the promised Messiah. This new edition adds two new chapters, freshens material throughout, expands the bibliography, and includes study questions.

**New Testament Theology in Light of the Church's Mission**-Jon C. Laansma 2011-11-09

This book offers important new case studies in understanding the theology and praxis of mission in the New Testament and in reading the New Testament for mission. Significant scholars from around the world explore aspects of the missional theology of the Gospels, Acts, Paul, Hebrews, and Revelation. The essays are offered as a fitting tribute to I. Howard

Marshall--one of the most outstanding evangelical New Testament scholars of his generation.

**Matthew**-Charles L Quarles 2017-08-01 The Exegetical Guide to the Greek New Testament (EGGNT) closes the gap between the Greek text and the available lexical and grammatical tools, providing all the necessary information for greater understanding of the text. The series makes interpreting any given New Testament book easier, especially for those who are hard pressed for time but want to preach or teach with accuracy and authority. Each volume begins with a brief introduction to the particular New Testament book, a basic outline, and a list of recommended commentaries. The body is devoted to paragraph-by-paragraph exegesis of the Greek text and includes homiletical helps and suggestions for further study. A comprehensive exegetical outline of the New Testament book completes each EGGNT volume.

**The Acts of the Apostles**-P.D. James 1999-01-01 Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

**Christian Mission**-Stanley E. Porter 2010-09-01 How did a first-generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world? The essays here first investigate the roots of God's mission and the mission of his people in the Old Testament and Second Temple Judaism, specifically in the Psalms, Isaiah, and Daniel. The contributions then discuss the mission of Jesus, and how it continued into the mission of the Twelve, other Jewish believers (in the Gospels, General Epistles, and Revelation), and finally into Paul's ministry to the Gentiles documented in the book of Acts and his epistles. These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today.

**Mission of the Messiah**-Tim Gray 1998 Mission of the Messiah is a compelling new study of the Gospel of Luke that presents the messianic mission of Jesus as the fulfillment of Old Testament prophecy. This book is a must for anyone whose heart is burning to know and love Christ more profoundly.

**Mission in Acts**-Robert L. Gallagher 2004

**Translation as Mission**-William Allen Smalley 1991 For Christians from New Testament times on, the Bible has almost everywhere been a translated Bible. For eighteen centuries it was normally translated into new languages by native speakers, but with the beginning of the nineteenth century and the modern missionary movement came a burst of missionary translation around the world. As missionary churches were established and as societies worldwide were affected by the gospel, people studied the translations, preached from them, and recounted stories to their children. In many societies these translations were the foundation for Christian communities, for theology (including indigenous theologies), and a powerful stimulus to modernization and even secularization reaching beyond the Christian community. Smalley contends that the theological presuppositions of these missionary translators varied widely. He argues that some missionary translators were insightful scholars who probed deeply into the languages and cultures in which they were working; others were unable to transcend the perspective their own culture prescribed for them. Earlier missionaries did not always have a clearly formulated theory of translation or an understanding of what they were doing and why. Eventually, however, a theoretical model was developed, a model that the majority of translators (both missionary and nonmissionary) now use. Smalley maintains that the task of Bible translation is now passing out of the hands of missionaries and back into the hands of native speakers, casting the missionary translator into significantly changed roles in the translation process.

**God's Mission the the Nations**-Andrew Tompkins 2015-06-30 Scripture records a number of instances in which a follower of the true God interacts with a person or people from the "nations" outside of Israel. These can be termed inter religious encounters and they contain many insights on how God has worked in mission in the past. They also contain many principles that if understood can be applied in the present world of many religions. This book specifically looks at narratives such as Abraham, Joseph, Daniel, and Elisha with Naaman and many more to gain insights into how God has done mission in order to learn ways of doing mission in the present especially in the Hindu context.

**The Mission of God's People**-Christopher J. H. Wright 2010 In *The Mission of God's People*, part of the *Biblical Theology for Life* series, author Chris Wright offers a sweeping biblical survey of the holistic mission of the church, providing practical insight for today's church leaders. Wright gives special emphasis to theological trajectories of the Old Testament that not only illuminate God's mission but also suggest priorities for Christians engaged in God's world-changing work.

**What Is the Mission of the Church?**-Kevin DeYoung 2011-09-08 Social justice and mission are hot topics today: there's a wonderful resurgence of motivated Christians

passionate about spreading the gospel and caring for the needs of others. But in our zeal to get sharing and serving, many are unclear on gospel and mission. Yes, we are called to spend ourselves for the sake of others, but what is the church's unique priority as it engages the world? DeYoung and Gilbert write to help Christians "articulate and live out their views on the mission of the church in ways that are theologically faithful, exegetically careful, and personally sustainable." Looking at the Bible's teaching on evangelism, social justice, and shalom, they explore the what, why, and how of the church's mission. From defining "mission", to examining key passages on social justice and their application, to setting our efforts in the context of God's rule, DeYoung and Gilbert bring a wise, studied perspective to the missional conversation. Readers in all spheres of ministry will grow in their understanding of the mission of the church and gain a renewed sense of urgency for Jesus' call to preach the Word and make disciples.

**A Theology of Matthew**-Charles L. Quarles 2013 Jesus Revealed as Deliverer King and Incarnate Creator.

**Jesus and the Forgiveness of Sins**-Tobias Hägerland 2011-11-10 The Gospels record that Jesus purported to forgive sins. What significance would such a claim have had for his

contemporaries and what would the implications have been for his identity as a first-century popular prophet? Tobias Hägerland answers these questions and more as he investigates the forgiveness of sins in the mission of the historical Jesus. The Gospels are interpreted within the context of first-century Judaism as part of a broader reconstruction of Jesus' career as a healer and prophet, and rhetorical criticism is introduced as a tool for explaining how the gospel tradition about Jesus and forgiveness developed. Hägerland combines detailed exegesis and rigorous methodology with a holistic view of the historical Jesus, evaluating recent scholarship about first-century Jewish prophets and utilizing previously neglected textual evidence to present a thorough investigation of the theology of forgiveness in early Judaism and primitive Christianity.

**New Testament Theology-I.** Howard Marshall 2010-02-23 I.Howard Marshall's New Testament theology guides students with its clarity and its comprehensive vision, delights teachers with its sterling summaries and perceptive panoramas, and rewards expositors with a fund of insights for preaching.

**Creating a Missional Culture**-JR Woodward 2013-10-20 Once upon a time, Moses had had enough. Exhausted by the challenge of leading the Israelites from slavery to the Promised

Land, Moses cried out to God, "What have I done to displease you that you put the burden of all these people on me? . . . If this is how you are going to treat me, please go ahead and kill me" (Exodus 11:11, 15). If that sounds hauntingly familiar to you, you may be the senior pastor of a contemporary church. The burden of Christian leadership is becoming increasingly unbearable--demanding skills not native to the art of pastoring; demanding time that makes sabbath rest and even normal sleep patterns seem extravagant; demanding inhuman levels of efficiency, proficiency and even saintliness. No wonder pastors seem and even feel less human these days. No wonder they burn out or break down at an alarming rate; no wonder the church is missing the mark on its mission. In *Creating a Missional Culture*, JR Woodward offers a bold and surprisingly refreshing model for churches--not small adjustments around the periphery of a church's infrastructure but a radical revisioning of how a church ought to look, from its leadership structure to its mobilization of the laity. The end result looks surprisingly like the church that Jesus created and the apostles cultivated: a church not chasing the wind but rather going into the world and making disciples of Jesus.

**Salvation to the Ends of the Earth**-Andreas J. Köstenberger 2020-09-15 The saving mission of Jesus constitutes the foundation for Christian mission, and the Christian gospel is its message. This second edition of a classic NSBT volume emphasizes how the Bible

presents a continuing narrative of God's mission, providing a robust historical and chronological backbone to the unfolding of the early Christian mission.

**Ripe for Harvest**-R. J. Gibson 2000 Ripe for Harvest is a contribution to the continuing debate about the meaning, significance and practise of mission. Aware that the whole field of missions is marked by controversy and much theological weakness, the contributors to this volume respond to the call for mission to be set upon firmer biblical theological foundations. Based on papers presented at Moore College's 1997 School of Theology, this book offers Scripture-based answers to some of the most important issues encountered by the modern missionary movement in today's relativistic and pluralist world.

**The Biblical Foundations for Mission**-Donald Senior 1983 Since the Second World War the church's history has undergone a profound change. After a long period in which the gospel had been embedded in a Western European context, it must now be seen in a pluralist setting, and the full implications of its claims to universality have emerged. This change is likely to be as significant as the first major change in Christian history, when the church developed from being a Jewish community to an institution in the Hellenistic world. What does that mean for the mission and the pastoral life of the church? Christians,

especially Roman Catholics, from the Third World are well aware of the problems that have arisen. Solving them cannot just be an administrative matter. There is a need to go right back to the roots of missionary work. Hence the importance of this new book, strangely enough the only one of its kind. It considers the traditions and dynamics that shaped Israel's consciousness of its destiny in relation to the Gentiles and which ultimately led Christians to proclaim the gospel to Gentiles. After this survey of biblical evidence a final chapter summarizes the results and considers implications for contemporary theology and church life, and the relationship of Christianity to other religions.

**Bible and Mission**-Richard Bauckham 2004-01-01 This engaging study provides a new way of looking at Scripture--one that takes seriously the biblical idea of mission. Richard Bauckham shows how God identifies himself with particular individuals or people in human history in order to be known by all. He is the God of Abraham, Israel, and David and, finally, the one who acts through Jesus Christ. Bauckham applies these insights to the contemporary scene, encouraging those involved in mission to be sensitive to postmodern concerns about globalization while at the same time emphasizing the uniqueness of Christian faith. In doing so, he demonstrates the diversity of Christian faith around the world. This book will be rewarding reading for pastors, lay readers, and students of Scripture, mission, and postmodernism.

## **The Spirit of the New Testament- 1885**

**The Best Kept Secret of Christian Mission**-John Dickson 2010-06-08 This book comes out of years of reflection, failures, and some successes in the task of reaching out to others with the gospel. Many Christians think of the task of mission as an entirely verbal activity, when perhaps the best kept secret of New Testament teaching about mission is that it involves a whole range of activities that explicitly promote Christ to the world and draw others to him, and only a few of them involve speaking. Without diminishing or downplaying the importance of speaking the gospel, John Dickson shows that, on the other hand, downplaying the range of activities that promote Christ to the world has its own set of problems. It can make those who are not confident about speaking—of anything, let alone Jesus—feel inadequate and self-conscious in the task of reaching out to others. Equally, it can make those who do have a flair for speaking feel as though they are fulfilling Christ’s mission just by talking. But the reality is that the Lord wants our whole life, not just our lips, in the task of bringing the gospel to the world. Every facet of our lives can be used by God to promote the news of his power and mercy. In this practical guide to the biblical art of sharing your faith, John Dickson offers refreshing insight into the ways that all Christians can and should be involved in spreading the good news of Jesus. While not all Christians are called and gifted to become evangelists, we are all called to promote the gospel through a

wide range of activities—prayer, financial partnership, good deeds, godly lives, public worship, daily conversation, etc.—with and without our lips. As readers engage with this book, grapple with its arguments and hear the stories of people coming to faith, they will be inspired to see the whole of life as significant for bringing the gospel to the world, and they will be liberated out of guilt and self-consciousness in evangelism into becoming perfectly natural promoters of Jesus Christ.

**The Epistle of Paul the Apostle to The Romans**-Ruth Rendell 1999-01-01 Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

**Recovering the Full Mission of God**-Dean Flemming 2013-10-01 Should our proclamation of the gospel be in words or deeds or both? What do the Scriptures say? New Testament scholar and missionary Dean Flemming takes a look at this disputed question. Rooted in the Old Testament and covering the Gospels, Paul, Acts, Peter and Revelation, Flemming provides a biblically sound basis for holistic evangelism.

**Reformation in Foreign Missions**-Bob Finley 2005-04-01 After 57 years of service involving Asia, Africa and Latin America, a veteran missionary is calling for a reformation in the way foreign missionary work is done. Bob Finley advocates the withdrawal of all American missionaries from foreign countries, and recommends supporting indigenous missions instead. He contends that there is no precedent for modern missions in the New Testament, no mention of apostles going to work in foreign countries, or anyone else being sent to serve where he did not know the local language. This book is a must read for pastors, missions committee members, professors of missions, and all other Christians who are interested in foreign missionary activities of American evangelicals.

**River of God**-Douglas D. Priest 2012-04-19 River of God is an introduction to world missions aimed at undergraduate students. However, the readers will soon discover that the book is rich in its content far beyond the editors' original plan. It serves as a reader for people with various levels of missiological interest and competence and deals with cutting-edge issues in missions. This book introduces a new paradigm, Kingdom Missiology, which builds on shalom in the Old Testament and as Jesus applied to the Kingdom of God in the New Testament. The first half of the book looks at Kingdom Missiology from the biblical, historical, and cultural dimensions. The second half of the book describes helpful strategies in the implementation of this paradigm. The importance of urban ministry is woven

throughout the book. Contributors: Ashley Barker, Gina Bellofatto, Kendi Howells Douglas, Robert Douglas, Todd Johnson, Robert Kurka, Janice Lemke, Paul McAlister, Mark Moore, Doug Priest, Greg Pruett, Mike Sweeney, Bill Weber, Donovan Weber, Linda Whitmer, and Tetsunao Yamamori

**Christian Mission in the Modern World**-John Stott 2015-12-05 Newly updated and expanded by Christopher J. H. Wright, John Stott's classic book presents an enduring and holistic view of Christian mission that must encompass both evangelism and social action. Through a thorough biblical exploration, Stott provides a biblically based approach to mission that addresses both spiritual and physical needs.

**Miracle and Mission**-James A. Kelhoffer 2000 The Longer Ending of the Gospel of Mark

(Mark 16:9-20) was appended to the Gospel of Mark in the first half of the second century. James A. Kelhoffer explores this passage's distinct witness to the use of gospel traditions and the development of Christian thought. Concerning the origin of this passage, he argues that a single author made use of the New Testament Gospels in forging a more satisfactory ending to Mark. He studies the passage's sometimes innovative literary forms as well. Also of interest is the passage's claim that the ascended Lord will help those who believe to perform miraculous signs - casting out demons, speaking in new languages, picking up snakes, drinking poison with impunity and healing the sick - when they preach the gospel (verses 17-18, 20). This expectation is compared with portraits of miracles, especially in the context of mission, in the New Testament, various apocryphal acts and Christian apologists of the second and third centuries. In the two final chapters the author interprets the signs of picking up snakes (verse 18a) and drinking a deadly substance with impunity (verse 18b) in their history of religions contexts. An Epilogue summarizes the findings of this study and explores what can be ascertained about the otherwise unknown Christian author of Mark 16:9-20.

**The Mission of God**-CHRISTOPHER J H WRIGHT 2020-05-21 Most Christians would agree that the Bible provides a basis for mission. Chris Wright believes that there is actually a missional basis for the whole Bible - it is generated by, and is all about, God's mission. In

order to understand the Bible, we need an interpretative perspective that is in tune with this great missional theme. We need to see the 'big picture' of God's mission and how all parts of Scripture fit into its grand narrative. In this comprehensive and accessible study, Chris Wright begins with the Old Testament understanding of who God is, what he has called his people to be and to do, and where the nations belong within God's mission. These themes are followed into the New Testament. Throughout, Wright emphasizes that biblically-defined mission is intrinsically holistic. God's mission is to redeem his whole creation from all that sin and evil have inflicted upon it, and the mission of God's people must reflect the breadth of God's righteous and saving love for all he has made.
