Inchworm—Ann Kelley 2013-09-01 Gussie is a twelve year old girl from St. Ives in Cornwall. She is passionate about learning, wildlife, poetry, literature, and she wants to be a photographer when she grows up. But her dreams were put on hold as she struggled with a serious heart condition. Now she has got what she needed: a heart and lung transplant. But it isn't working out quite the way she thought. It's not going to be easy, her mum is still dating her doctor boyfriend and despises Gussie's dad, who happens to be living with his new girlfriend - the Snow Queen. A Passion for Paris—David Downie 2015-04-28 "A top-notch walking tour of Paris... . . . The author's encyclopedic knowledge of the city and its artists grants him a mystical gift of access: doors left ajar and carriage gates left open foster his search for the city's magical story. Anyone who loves Paris will adore this joyful book. Readers visiting the city are advised to take it with them to discover countless new experiences." —Kirkus Reviews (starred) A unique combination of memoir, history, and travelogue, this author Downie's irrevocable quest to uncover why Paris is the world's most romantic city—and has been for over 150 years. Abounding in secluded, atmospheric parks, artists' studios, cafes, restaurants and streets little changed since the 1800s, Paris exudes romance. The art and architecture, the cityscape, riverbanks, and the unparalleled quality of daily life are part of the equation. But the city's allure derives equally from hidden sources: querulous inhabitants, a bizarre culture of heroic negativity, and a rich historical past supplying rags, pleasures and challenges. Rarely do visitors suspect the glamour and chic and the carefree atmosphere of the City of Light grew from and still off the dark fountainheads of riot, rebellion, mayhem and melancholy—and the subversive literature, art and music of Romanticism. Weaving together his own with the lives and loves of Victor Hugo, Georges Sand, Charles Baudelaire, Balzac, Nadar and other great Romantics, Downie delights in the city's secular romantic pilgrimage sites asking, Why Paris, not Venice or Rome—the tap root of "romance"—or Berlin, Vienna and London—where the earliest Romantics built castles-in-the-air and sang odes to nightmares? Read A Passion for Paris: Romanticism and Romance in the City of Light and find out.

Thanks for Listening—Ernest Buckler 2006-01-01 A treasure chest of exceptional stories by one of Canada's classic authors now available in one volume. Ernest Buckler, best known as the author of the Canadian classic, The Mountain and the Valley, never achieved the lasting fame he deserved. His first story was published in Esquire, a significant American literary magazine known for publishing leading writers such as Ernest Hemingway. F. Scott Fitzgerald, and Sinclair Lewis. Over the years, nearly forty more of Buckler's short stories were published in several popular magazines, including Maclean's where his story "The Quarrel" won first prize for fiction. In Thanks for Listening: Stories and Short Fictions by Ernest Buckler, Marta Dvořák gathers together many of those stories as well as some previously unpublished pieces. At times she has chosen to include the fuller, original versions, and has restored some of the lost passages that were cut from stories to fit popular magazine requirements. Ernest Buckler's writing is rooted in believing that no one evoked the lost world of North America's agrarian past better than Ernest Buckler.

The Good Life: The Autobiography Of Tony Bennett—Tony Bennett 2010-12-07 "It's that regular guy from Astoria, Queens, who left his heart in San Francisco. He's the postwar heartthrob who inspired hundreds of young girls to wear black outside St. Patrick's Cathedral on his wedding day. He's the darling of the MTV generation who made music history when, at the age of 68, he won the coveted Grammy Award for Album of the Year. He's the consummate artist known worldwide for his paintings. He's Tony Bennett, whose star shines brighter than ever as he enters his fifth decade of performing. Now, for the first time, this legend shares his amazing life story — in a voice that's pure Tony Bennett: warm, resonant, and unforgettable. "Tony Bennett has just bridged the generation gap, he has demolished it," praised The New York Times. Since his appearance with the Red Hot Chili Peppers of the 1993 MTV Video Awards, and the addition of his seminal video, "Steppin' Out," to the MTV playlist, Bennett has become the hottest—and coolest—pop-culture icon for today's younger listeners, while remaining beloved by their parents and grandparents. An American Ambassador, Bennett has shared his legendary experiences and emotions with such luminaries as Frank Sinatra, Barbra Streisand, and Frank G. Carpenter. In this intimate memoir, Tony Bennett offers a behind-the-scenes view of his life's work, from his Depression-era childhood to his rise as an international superstar. Bennett's story is one of perseverance and determination, of triumph and tragedy, but most of all, of the consummate art of intimate singing. Anyone who shares Tony Bennett's music, and the gift of access: doors left ajar and carriage gates left open foster his search for the city's magical story. Anyone who loves Paris will adore this joyful book. Readers visiting the city are advised to take it with them to discover countless new experiences.

With his brother, Mimi realises that her small status can leave a big impact on those around her.

The Forever Friends—Gina Lynne 2014-09-25 Manny, the little brown bear loves for a friend. But not just any friend. He longs for a Forever Friend. He wishes for a friend he can play with and laugh with, and dance and sing with. He wishes for a friend he can share all his happy thoughts...
and all his sad thoughts with. Find out what happens when Manny rescues a little white rabbit from a hunter's trap. Then follow them on their adventures as they happily explore their forest neighborhood. "He looked at his new friend with wonder and said, "And I don't even know exactly why I was laughing!" "Oh," she said, "I was just so happy to be free and so relieved you didn't want to eat me that I just started laughing." "Eat you? Oh! No! Oh, yuk! Oh, gross! No way!" said Manny Bear, in a very shocked voice. "Yuck? What do you mean... YUCK?" the little white rabbit asked in a huffy tone. "Don't you think I would taste good? What's wrong with me? I am not gross or yuck!" Then realizing it might sound as if she were inviting him to have a taste she changed her mind. In a tiny voice, she said, "Never mind. I'm sure I must taste just awful anyway."

The little white rabbit sat up and offered her tiny paw to Manny Bear. He took it very gently in his much bigger paw. She said, "My name is Missy Rabbit and I am very pleased to meet you. Thank you for saving me." Then they looked at each other and began to laugh all over again. By the time they finished laughing they were the best of friends. They were Forever Friends.

With a Thousand Antennas—Allen H. Apnitti 2016-12-20: Throughout the 19th century the True, the Good, and the Beautiful preserved their precocious existence... But their very eariness was their undoing... — Bertrand Russell In following a dilettante's story, the reader will find a sense of what culture past and present can offer in the way of "the True, the Good, and the Beautiful" — a vision of life that rarely appears in contemporary discourse, even though this conceptual trinity was once a major element in Western civilization's intellectual foundation. Analytic and artistic voices, evoking this concept in one way or another, are presented as the author chronicles his own intellectual excursions, while refining a sense of the true dilettante. With a Thousand Antennas indicates how a lively curiosity, a moral sense, and an esthetic sensibility can provide a handle on life, a means to obtain a stable perspective on how to proceed through our allotted time.

NurtureShock-Po Bronson 2009-09-03 In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter? Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What is the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring—because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.
