The LEGO Architecture Idea Book-Alice Finch 2018-10-30 Take your creations to the next level with The LEGO Architecture Idea Book! These clever building tips will give you endless inspiration for making your own amazing mansions, castles, houses, spooky shacks, and more. Every chapter includes ideas for creating architectural elements like columns, doors, windows, and walls. But rather than providing step-by-step instructions, the book includes helpful photography from every angle that shows you how to achieve the look, adapt it to your build, and make it your own. Learn how to: - Build amazing walls that break the mold, with brick-and-mortar effects, weathered walls, and loose bricks - Recreate structural effects like timber framing, soaring towers and turrets, shingled roofs, clapboard siding, and more - Elevate your models with “stained glass”, intricate color patterns, and tumble-down wear-and-tear - Use pieces like croissants, snakes, and goblets to make unique architectural ornamentation Bursting with clever ideas, The LEGO Architecture Idea Book will show you how to turn your buildings into impressive, realistic structures.

An American Marriage-Michael Burlingame 2021-06-01 An enlightening narrative exploring an oft-overlooked aspect of the sixteenth president’s life, An American Marriage reveals the tragic story of Abraham Lincoln’s marriage to Mary Todd. Abraham Lincoln was apparently one of those men who regarded “connubial bliss” as an untenable fantasy. During the Civil War, he pardoned a Union soldier who had deserted the army to return home to wed his sweetheart. As the president signed a document sparing the soldier’s life, Lincoln said: “I want to punish the young man—probably in less than a year he will wish I had withheld the pardon.” Based on thirty years of research, An American Marriage describes and analyzes why Lincoln had good reason to regret his marriage to Mary Todd. This revealing narrative shows that, as First Lady, Mary Lincoln accepted bribes and kickbacks, sold permits and pardons, engaged in extortion, and peddled influence. The reader comes to learn that Lincoln wed Mary Todd because, in all likelihood, she seduced him and then insisted that he protect her honor. Perhaps surprisingly, the 5’2” Mrs. Lincoln often physically abused her 6’4” husband, as well as her children and servants; she humiliated her husband in public; she caused him, as president, to fear that she would disgrace him publicly. Unlike her husband, she was not profoundly opposed to slavery and hardly qualifies as the “ardent abolitionist” that some historians have portrayed. While she provided a useful stimulus to his ambition, she often “crushed his spirit,” as his law partner put it. In the end, Lincoln may not have had as successful a presidency as he did—where he showed a preternatural ability to deal with difficult people—if he had not had so much practice at home.

Greenberg's Guide to Marx Trains: without special title-Eric Matzke 1990-04-01 Features Marx trains and accessories from the 1950s and 1960s. Includes photos, product descriptions, and valuations for locomotives, passenger and freight cars, and accessories.

Lionel FasTrack Model Railroads-Robert Schleicher 2009-09-18 As model railroaders began demanding ever-greater realism, Lionel responded in 2004 with its FasTrack system featuring an integrated roadbed, scale-sized ties, and a less-obvious center rail. Veteran hobby author Bob Schleicher follows up his The Lionel FasTrack Book with a closer, more detailed look at Lionel's revolutionary O-gauge system. This guide gives enthusiasts a deeper sense of how to take advantage of the FasTrack's ease of use and unprecedented realism in large-scale model railroading. The book includes 150 color photos and track diagrams for 10 scenicked FasTrack layouts ranging from 6x6-foot tabletop models to an 11x30-foot scale-size empire. Schleicher also provides instructions for building tables to support the layouts, advice for creating both rural and urban scenery, and an appendix of recommended suppliers.

Greenberg's Guides-Kent J. Johnson 2001-09-01 The leading price guide is now even easier to use! This new edition opens flat for easier reading and comparing. Features the hobby's most accurate pricing data.

Policy and Choice-William J. Congdon 2011 Argues that public finance--the study of the government's role in economics--should incorporate principles from behavior economics and other branches of psychology.
