The Shape Of Art In The Short Stories Of Donald Barthelme

What Is the Definition of Shape in Art? - ThoughtCo
Jul 03, 2019 - In the study of art, a shape is an enclosed space, a bounded two-dimensional form that has both length and width. Shapes are one of the seven elements of art, the building blocks that artists use to create images on canvas and in our minds. A shape’s boundaries are defined by other elements of art such as lines, values, colors, and textures; and by adding value you can ...
