Andronion And The Atthis: Fragments Translated With Introduction And Commentary

Andronion And The Atthis: Andronion 2001 Though there were at least seven men who wrote Atthises, none of their works has survived intact. This volume presents in translation for the first time all the fragments of the this, or local history, of the fourth-century Athenian politician and historian Andronion, and the testimonia for his life and career.

Andronion And The Atthis: Andronion 1994

The Political Bias of Andronion's Atthis: Phillip Edward Harding 1971

Athens: Felix Jacoby 1973 In 1949 during his exile in Britain, Felix Jacoby composed his introductory study on the life and work of the Atthidographers (Atthis).

Athens Transformed, 404-262 BC: Phillip Harding 2015-04-24 During the heady, democratic days of the fifth and fourth centuries, the poorer members of Athenian society, the lower two classes of xenodochi and thetes, enjoyed an unprecedented dominance in both domestic and foreign politics. At home, the participatory nature of the constitution required their presence not only in the lawcourts and assembly but also in most of the minor magistracies; abroad, they were the driving force of the navy, which ensured Athens' control of the Aegean and the Black seas. Their participation at all levels was made possible by state pay (for jury duty, attendance in the assembly, public office and military service). In the fifth century state pay was financed largely through the tribute paid by members of the empire, supplemented by the liturgical contributions of the rich and, beginning during the war, a property tax (the eisphora). In the fourth century, almost the whole burden was shouldered by taxation upon the wealthy, especially those who owned property. In this book, author Phillip Harding traces the major changes that occurred in the administration of the state that eventually deprived the lower classes of their supremacy and transferred power into the hands of the wealthy land-owners. Things changed radically after Athens' defeat in the Lamanian (or Hellenic) War in 322 BC. Over the next several decades, restriction of the franchise, elimination of pay for some public offices, the loss of the navy, the increased dependence upon local grain from the larger estates in Attika, the removal of the tax burden from the rich by the ending of such major liturgies as the trierarchia and the choregia and the abandonment of the eisphora all contributed to this transformation.

The Story of Athens: Associate Professor of Classics Phillip Harding 2007-10-31 A leading authority in the field, Phillip Harding presents the very first English translations of the six Athenian writers known as the Atthidographers. In his vivid and detailed history, Harding examines the remaining fragments of these historical writers' work - in chronological order - and how these writings, dating from the fifth and fourth century BC, reveal an invaluable wealth of information about early Athenian history, legend, religion, customs and anecdotes. Harding also goes on to study how these histories of Athens and its people were the source for later surviving historians such as Plutarch and Diodorus. With the aid of linking text and detailed annotation, anyone with an interest in Athenian history, classical Greece need look no further.

Diodoros of Sicily: Bibliothekhe Historike: Phillip Harding 2021-09-16 A fresh translation of Diodoros' account of a crucial period of Greek history, with extensive notes and a substantial introduction.

Control of the Laws in the Ancient Democracy at Athens: Edwin Carawan 2020-12-15 Offering a comprehensive account of the ancient origins of an important political institution through philological methods, rhetorical analysis of ancient arguments, and comparisons between models of judicial review in ancient Greece and the modern United States, Control of the Laws in the Ancient Democracy at Athens is an innovative study of ancient Greek law and democracy.

Diodoros of Sicily: Bibliothekhe Historike: Volume 1, Books 14-15: The Greek World in the Fourth Century BC from the End of the Peloponnesian War to the Death of Artaxerxes II (Mnemon): 2021-09-16 Diodoros of Sicily (c.90–c.30 BC) spent thirty years producing an encyclopedic compendium of world history from its mythical beginnings to his own day. His is the only surviving, connected account of Greek affairs from 480/79 to 302/1 BC. The books translated in this volume cover the years from the end of the Peloponnesian War to the aftermath of the Battle of Mantinea in 362/1 BC. These were crucial years in the struggle for supremacy in Greece amongst the Greek states, Sparta, Athens and Thebes, before they were overtaken by the unexpected rise of Macedonia. Diodoros also provides the only extant account of the career of Dionysios I of Syracuse and the Cypriot war between Persia and Evagoras of Salamis. The translation is supported by extensive notes and the Introduction examines Diodoros' moral and educational purpose in writing, the plan of his work, his sources, and his qualities as a historian.

Acts: An Exegetical Commentary: Craig S. Keener 2012-09-01 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research. This commentary on Acts, his magnum opus, may be the largest and most thoroughly documented Acts commentary available. Useful not only for the study of Acts but also early Christianity, this work sets Acts in its first-century context. In this volume, the first of four, Keener introduces the book of Acts, particularly historical questions related to it, and provides detailed exegesis of its opening chapters. He utilizes an unparalleled range of ancient sources and offers a wealth of fresh insights. This magisterial commentary will be a valuable resource for New Testament professors and students, pastors, Acts scholars, and libraries.

Acts: An Exegetical Commentary: Craig S. Keener 2015-10-06 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research. This commentary on Acts, his magnum opus, may be the largest and most thoroughly documented Acts commentary ever written. Useful not only for the study of Acts but also early Christianity, this work sets Acts in its first-century context. In this volume, the second of four, Keener continues his detailed exegesis of Acts, utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights. This magisterial commentary will be an invaluable resource for New Testament professors and students, pastors, Acts scholars, and libraries.

Acts: An Exegetical Commentary: Craig S. Keener 2013-10-15 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research. This commentary on Acts, his magnum opus, may be the largest and most thoroughly documented Acts commentary ever written. Useful not only for the study of Acts but also early Christianity, this work sets Acts in its first-century context. In this volume, the third of four, Keener continues his detailed exegesis of Acts, utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights. This magisterial commentary will be an invaluable resource for New Testament professors and students, pastors, Acts scholars, and libraries.

The Oxford History of Historical Writing: Andrew Feldherr 2012-02-17 The Oxford History of Historical Writing is a five-volume series that explores representations of the past from the beginnings of writing to the present day and from all over the world. Volume I offers essays by leading scholars on the development and history of the major traditions of historical writing, including the ancient Near East, Classical Greece and Rome, and East and South Asia from their origins until c. AD 600. It provides both an authoritative survey of the field and an unrivalled opportunity to make cross-cultural comparisons.

Lords of the Sea: John R. Hale 2009-05-14 The epic true story of Thermistocles and the Battle of Salamis, and a rousing history of the world's first dominant navy and the towering empire it built. The Athenian Navy was one of the finest fighting forces in the history of the world. It engineered a civilization, empowered the world's first democracy, and led a band of ordinary citizens on a voyage of discovery that altered the course of history. With Lords of the Sea, renowned archaeologist John R. Hale presents, for the first time, the definitive history of the epic battles, the fearsome ships, and the men-from extraordinary leaders to seductive rogues-that established Athens' supremacy. With a scholar's insight and a storyteller's flair, Hale takes us on an unforgettable voyage with these heroes, their turbulent careers, and far-flung expeditions, bringing back to light a forgotten maritime empire and its majestic legacy.

Demostenes the Orator: Douglas M. MacDowell 2009-12-03 In the most comprehensive account ever written of the texts of Demosthenes, Douglas M. MacDowell describes and assesses all of the great orator's speeches, including those for the lawcourts as well as the addresses to the Ekklesia. Besides the genuine speeches, MacDowell also covers those which have probably wrongly been ascribed to Demosthenes, such as the ones written for delivery by Apollodoros, and he considers too the Epitales, the Prooimia, and the puzzling Erotic Speech.

What Was Authoritative for Chronicles?: Ehud Ben Zvi 2011-07-21 The essays published here are revised versions of papers presented in 2008 and 2009 in the section devoted to Israel and the Production and Reception of Authoritative Books in the Persian and Hellenistic Period at the annual meeting of the European Association of Biblical Studies. The various contributors explore what was authoritative for Chronicles and what authoritative might have meant for the Chronicler from different perspectives. The volume includes chapters by Yairah Amit, Joseph Blenkinsopp, David J. Chavalas, Craig S. Keener, Mark Leuchter, Edwin Carawan, and the two editors, Diana V. Edelman, and Andrew Feldherr.
Conflict in Ancient Greece and Rome: The Definitive Political, Social, and Military Encyclopedia [3 volumes]-Sara E. Phang 2014-02-28 The volume provides: an up-to-date and comprehensive treatment of conflict in the ancient Greek and Roman worlds that relates warfare to society, politics, economy, and culture • Examines major wars and other key conflicts • Important generals and leaders; and Greek and Roman political, military, social, and cultural institutions • Presents ancillary information, including maps and illustrations; a topically arranged bibliography; sourcebooks of primary sources in translation; and lists of the most interesting “sound bites” attributed to Greek and Roman leaders in ancient times

The Classical Review-This is the first to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome. Over 300 books are reviewed each year.

Making Time for the Past-Katherine Clarke 2008-03-20 In this study of time and history in the ancient Greek world, Katherine Clarke argues that choices concerning the articulation and expression of time, especially time past, reflect the values of those who narrate it and also of their audiences. In this way construction of the past both displays and contributes to a sense of shared identity.

The Oxford Classical Dictionary-Simon Hornblower 2012-03-29 Completely revised and updated, the fourth edition of this established dictionary offers entries on all aspects of the classical world. With reception and anthropology as new areas of focus and numerous new entries, it is an essential reference work for students, scholars, and teachers of new and for anyone interested in the classical era.

Civic Obligation and Individual Liberty in Ancient Athens-Peter Liddel 2007-10-11 A fresh approach to the old problem of the nature of individual liberty in ancient Athens. Using modern political theory as a springboard, Peter Liddel argues that the ancient Athenians held liberty to consist of the substantial obligations (political, financial, and military) of citizenship.

Brill’s Companion to Sophocles-Andreas Markantonatos 2012-08-27 Brill’s Companion to Sophocles offers 32 chapters, newly commissioned and written by leading scholars, on Sophocles’ life and works, as well as upon the basic historical, social, intellectual, moral, philosophical and religious issues of interest to Sophocles which remain central in the study of Greek tragedy to this day.

Ancient Greece-Matthew Dillon 2005-10-24 First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Divine Talk-Gunter Martin 2009-09-03 The speeches of Demosthenes and other 4th-century BC Athenian orators have long been recognized as a source of information about the mindset and life of ordinary Athenians. This book contributes to an understanding of the public discourse by studying references to religious beliefs, institutions, and events in the orators’ corpus.

The Athenian Constitution-Ian Worthington 2015-10-01 In this biography—the first written in English for almost a century—Ian Worthington brings the great orator’s career vividly to life. He provides a moving narrative of Demosthenes’ humble and difficult beginnings, his fierce rivalries with other Athenian politicians, his victories and defeats in the public Assembly, and his posthumous influence as a politician and orator. In doing so, Worthington offers new insights into Demosthenes’ motives and how he shaped his policy to offer political power. Set against the rich backdrop of late classical Athens and Macedonia, this biography will appeal to all readers interested in the history and heritage of ancient Greece. All quotations from Demosthenes’ speeches are translated and briefly discussed in order for both professional and non-professional readers to appreciate his rhetorical genius.

The Laws of Solon-F Leão 2016-09-20 Solon (c 658-558 BC) is famous as both statesman and poet but also, and above all, as the paramount lawmaker of ancient Athens. Though his works survive only in fragments, we know from the writings of Herodotus and Plutarch that his constitutional reforms against the venality, greed and political power-play of Attica’s tyrants and noblemen were largely unsuccessful. But thought to have laid the foundations of western democracy. Solon’s legal injunctions covered the widest range of topics and issues: economics and labour; sexual morality; social issues; and society and politics. Yet despite their fame and influence (and Solon’s life and work generated a lively reception history), no complete edition of these works has yet been published. This book offers the definitive critical edition of Solon’s laws that has long been needed. It comprises the original Greek fragments with English translations, commentaries, a comprehensive introduction and important comparative Latin texts. It will be enthusiastically welcomed by specialists in ancient Greek language and history.

Memory in Jewish, Pagan and Christian Societies of the Graeco-Roman World-Doron Mendels 2004-07-29 The ten studies in this book explore the phenomenon of public memory in societies of the Graeco-Roman period. Mendels begins with a concise discussion of the historical canon that emerged in late antiquity and brought with it the (distorted) memory of ancient history in Western culture. The following nine chapters each focus on a different source of collective memory in order to demonstrate the patchy and incomplete associations ancient societies had with their past, including discussions of Patera’s Politeia, a “site of memory” of the early church, and the dichotomy existing between the reality of the land of Israel in the Second Temple period and memories of it. Throughout the book, Mendels shows that since the societies of antiquity had associations with only bits and pieces of their past, these associations could be slippery and problematic, constantly changing, multiplying and submerging. Memories, true and false, oral and inscribed, provide good evidence for this fluidity.

Lessons from the Past-Frances Anne Pownall 2010-02-09 Because of the didactic nature of the historical genre, many scholars ancient and modern have seen connections between history and rhetoric. So far, discussion has centered on fifth-century authors – Herodotus and Thucydides, along with the sophists and early philosophers. Pownall extends the focus of this discussion into an important period. By focusing on key intellectuals and historians of the fourth century (Plato and the major historians – Xenophon, Ephorus, and Theopompus), she examines how these prose writers created an Aristotelian version of the past as an alternative to the democratic version of the oratorical tradition. Frances Pownall is Professor of History and Classics, University of Alberta.

Ancient Society (Routledge Library Editions: Political Science Volume 23)-Alexander Foks 2013-06-17 Originally published in 1953. The return to the “ancestral constitution” was a major issue in Athenian politics in the period of the revolution of 411 and 404 B.C. This book examines the scope and import of the question of the “ancestral constitution”. Chapter 1 is a study of Kleisthenes’ Rider nd the tradition of Solon and Kleisthenes. Chapter 2 is a discussion of the concept of patrios politeia as employed by the Democrats. The use made of the “ancestral constitution” in 404-3 B.C. is discussed in Chapter 3. The last chapter is a study of the mysterious “Constitution of Drakon”.

Synopsis-Andreas D. Dimarogonas 1999-02-18 Lists the scholarly publications including research and review journals, books, and monographs relating to classical, Hellenistic, Biblical, Byzantine, Medieval and modern Greece. The 11 indexes include article title and author, books reviewed, theses and dissertations, books and authors, journals, names, locations, and subjects. The format continues that of the second volume. All the information has been programmed onto the disc in a high-level language, so that no other software is needed to read it, and in versions for DOS and Apple on each disc. Annotation copyrighted by Book News, Inc., Portland, OR

Brill’s Companion to Thucydides-Antonios Tsakmakis 2006-10-13 With contributions by thirty leading international scholars, this volume offers an up-to-date and in-depth overview of all current approaches to Thucydides’ History.

Athenian Democratic Origins-Geoffrey de Ste. Croix 2004-03-25 In these interconnected essays the late Geoffrey de Ste. Croix defends the institutions of the Athenian democracy, showing that they were consistent with the practical, rational, and impartial view has been acknowledged. A major essay provides a new view of Aristotle’s use of sources in The Constitution of the Athenians, on which so much of our knowledge of ancient Athenian constitutional history depends. Ste. Croix also argues that commercial factors had much less influence on Greek politics than modern scholars tend to assume, and that there was no such thing as any Greek state as a ‘commercial aristocracy’. As always, he works out these general positions with the utmost lucidity and pungency, and in meticulous detail. Though written in the 1960s, these hitherto unpublished essays by a great radical historian will still constitute a major contribution to contemporary debate. The editors and other specialists have supplied an updated Afterword to each chapter, and the book contains a thorough index.
Constitution of Athens and Related Texts - Aristotle 2010-05-11 A refreshing approach to the study of major Western philosophers. Introductory essays by noted scholars enliven each volume with insights into the human side of the great thinkers, and provide authoritative discussions of the historical background, evolution and importance of their ideas. Highly recommended as stimulating classroom text.

Josephus And Jewish History in Flavian Rome And Beyond - Joseph Sievers 2005 This volume focuses on the interplay between Josephus’ Judean identity and his Roman context. After treating historiographical and literary issues, it addresses Josephus’ presentation of Judaism and of historical “facts.” A final section deals with the transmission of his works.

Alexander the Great in Fact and Fiction - A. B. Bosworth 2002 Ten essays from a symposium held at Newcastle University in 1997, which examine the general themes of kingship and imperialism by focusing on the romances that surround Alexander.

Historical and Religious Memory in the Ancient World - Beate Dignas 2012-03-15 Book celebrates the work of Simon Price.

Social Memory in Athenian Public Discourse - Bernd Steinbock 2013 Examining the role of Athenian social memory in understanding the political climate in fourth-century Athens.

An Inventory of Archaic and Classical Poleis - Mogens Herman Hansen 2004-11-11 This is the first ever documented study of the 1,035 identifiable Greek city states (poleis) of the Archaic and Classical periods (c.650-325 BC). Previous studies of the Greek poleis have focused on Athens and Sparta, and the result has been a view of Greek society dominated by Sophokles’, Plato’s, and Demosthenes’ view of what the poleis was. This study includes descriptions of Athens and Sparta, but its main purpose is to explore the history and organization of the thousand other city states. The main part of the book is a regionally organized inventory of all identifiable poleis covering the Greek world from Spain to the Caucasus and from the Crimea to Libya. This inventory is the work of 47 specialists, and is divided into 46 chapters, each covering a region. Each chapter contains an account of the region, a list of second-order settlements, and an alphabetically ordered description of the poleis. This description covers such topics as poleis status, territory, settlement pattern, urban centre, city walls and monumental architecture, population, military strength, constitution, alliance membership, colonization, coinage, and Panhellenic victors. The first part of the book is a description of the method and principles applied in the construction of the inventory and an analysis of some of the results to be obtained by a comparative study of the 1,035 poleis included in it. The ancient Greek concept of poleis is distinguished from the modern term ‘city state’, which historians use to cover many other historic civilizations, from ancient Sumeria to the West African cultures absorbed by the nineteenth-century colonializing powers. The focus of this project is what the Greeks themselves considered a poleis to be.
