68+ Types of Doctors / Physicians | Branches of Medicine

Types of Doctors: There are two significant categories of doctors, namely primary care and specialists. When you have an ailment, you will first need to see your primary care physician for an initial diagnosis. If the primary doctor cannot diagnose the problem or needs further analysis, he/she would refer to specialists.

What Does the Bible Say About Doctors?

What Does the Bible Say About Doctors? Are They a Gift from God? Lorraine Day, M.D. The word "Physician" is not mentioned in the Bible. Neither the word Physician nor the word Doctor is used in the Bible. The word mistranslated as Physician is actually the word healer. It is the translators who have presumptuously - and wrongly - defined a Physician - a present-day Doctor - as a healer.

Medical dictionary - Wikipedia

A medical dictionary is a lexicon for words used in medicine. The three major medical dictionaries in the United States are Stedman's, Taber's, and Dorland's. Other significant medical dictionaries are distributed by Elsevier. Dictionaries often have multiple versions, with content adapted for different user groups.
