## Attachment disorder - Wikipedia

Attachment disorder is a broad term intended to describe disorders of mood, behavior, and social relationships arising from unavailability of normal socializing care and attention from primary care giving figures in early childhood. Such a failure would result from unusual early experiences of neglect, abuse, abrupt separation from caregivers between three months and three years of age

## Index Librorum Prohibitorum - Wikipedia

The Index Librorum Prohibitorum ("List of Prohibited Books") was a list of publications deemed heretical or contrary to morality by the Congregation for the Doctrine of the Faith (a former Dicastery of the Roman Curia), and Catholics were forbidden to read them.. There were attempts to ban heretical books before the sixteenth century, notably in the ninth-century Decretum Glasianum; the Index

## Aristotle: Ethics | Internet Encyclopedia of Philosophy

Aristotle: Ethics. Standard interpretations of Aristotle's Nichomachean Ethics usually maintain that Aristotle (384-322 B.C.E.) emphasizes the role of habit in conduct. It is commonly thought that virtues, according to Aristotle, are habits and that the good life is a life of mindless routine.

## Depression Types, Causes, Symptoms, Statistics, & Treatment

Oct 18, 2021 · The clinical definition, based on the fifth edition of the Diagnostic and Statistical Manual of Mental Health Disorders (DSM-5), is "a period of at least two weeks when a person experienced a depressed mood or loss of interest or pleasure in daily activities, and had a majority of specified symptoms, such as problems with sleep, eating

## Chapter 8 - Psychological Disorders - Psychology

Defining Disorder. A psychological disorder is an ongoing dysfunctional pattern of thought,

emotion, and behavior that causes significant distress, and that is considered deviant in that person's culture or society (Butcher, Mineka, & Hooley, 2007). Psychological disorders have much in common with other medical disorders. They are out of the patient's control, they may in some cases be

## **Aristotle's Ethics (Stanford Encyclopedia of Philosophy)**

May 01, 2001 · 1. Preliminaries. Aristotle wrote two ethical treatises: the Nicomachean Ethics and the Eudemian Ethics. He does not himself use either of these titles, although in the Politics (1295a36) he refers back to one of them—probably the Eudemian Ethics—as “ta êthika”—his writings about character. The words “Eudemian” and “Nicomachean” were added later, perhaps because the former ...
